

Call for applications: Associate program (full-/part-time, paid)

China Macro Group (CMG) invites applications on a rolling basis for paid full- or part- time positions for a duration of 3-12 months. This program targets recent master graduates/PhD candidates as well as Young Professionals in the public and private sector incl. management consulting who are interested to explore or re-orient their professional path to a field with focus on China analysis. Program conditions can be tailored to your level of expertise and skills.

About CMG: CMG is a small and fast-growing specialized European boutique consultancy with foundation in Switzerland and China and operational presences in Zurich, Munich and Beijing; CMG provides original, fact-based and calibrated China policy and market analysis to advise on China strategies, cooperation concepts and negotiations for European companies and investors.

Working location: Beijing, Munich, or remote/upon agreement

What characterizes you?

- Education background in economics, political economy, finance, political science, public policy, law, technology management or international relations, ideally with a focus on China
- Relevant previous working experience, ideally with research and analysis on contemporary China
- Excellent Chinese language skills, esp. reading (minimum of HSK5 in 2010-2021 HSK scheme)
- Professional conduct of verbal and written English
- Proactive personality, rapid learner, analytical and fact-based working approach, curious and inquisitive mind, team-player, high diligence on outputs, effective communicator
- Prior living/working experience in China a strong plus

What we offer

- An inspiring, collegial, dynamic and enabling working environment
- Interesting learning opportunities at the pulse of diverse practitioners' needs for China analysis
- Work on highly relevant China analysis, training in both research/analysis as well as consulting skills

Application documents

- Motivation letter (max. 1 page)
- CV
