

# 2025 Europe-China Conference Shenzhen (ECCS)

**“China’s evolving policy and business context for European strategic decision-making ahead of the 15th FYP” (2026-2030)”**

Between 9-12 November, just after the 20th CC’s 5th Plenum will have released the outline of the 15th Five-Year Plan, the Europe-China Conference Shenzhen (ECCS) - a compact **3-day learning conference** with **high-value content** with **leading China-based experts and practitioners, site visits** to leading local companies as well as **networking time** with your peers and the local European business community - will be held. The conference content is designed to support **European headquarters** across corporate, investment and public sectors in times of **strategic decision-making** - especially strategy development, partnerships and investment decisions - regarding China and focuses on **contextual factors** of general relevance - ranging from a persistently difficult post-Covid economic recovery, an ambitious policy agenda to aid China’s development and reform priorities, a rapidly evolving corporate landscape increasingly harnessing China’s digital economy and indigenous innovation, to understanding how Beijing views the world and deals with geopolitical factors.
